

RURAL

HOW TO PLAY

1. **Discuss** and **prioritize** the available water management action cards
2. **Pay** for your actions. Can your budget take care of all your water?
3. You can **collaborate** with your upstream and/or downstream neighbors to better manage your collective flood risk
4. **Review** your priorities and your water/money balance; make any changes needed
5. Choose a person to **report out** to the group
